

▲ Transformer box

Los Angeles-based architecture and design firm Touraine+Richmond was commissioned by a film director to design a custom storage system that houses 4000 CDs and 1500 LPs. The 11-foot-by-4-foot-by-30-inch steel structure is clad with MDF birch panels from Mexico, laminated with aluminum sheets. The box mutates into a conference table and other uses through hydraulic pistons and touch-latch mechanisms. 310/399-2782. Touraine+Richmond, Venice, Calif. **CIRCLE 213**
